PROGRAM NEEDED ON ROAD BUILDING

Permanent Policy Being Discussed by Berlin Citizens

LADDER FALLS HURT TWO

Man and Boy Meet With Similar Mishaps — Mrs. Frances Bailey Dies in Springfield — St. Paul's Parish May Have Playground

Considerable agitation for a permanent road building program in the town of Berlin which has been one of the chief topics of discussion for some time past is likely to receive a thorough airing at the public meeting in the town hall tonight, according to information obtained today from reliable sources.

It was pointed out this morning that outside of state roads and state aid roads, every other thoroughfare in the entire town is nothing more than a dirt roadway, and very difficult of passage during certain seasons of the year. Citizens of the town have for a long time been advocating the doing away forever with these relics of a long past age.

Civic leaders in the town and the townsfolk themselves have at last decided that it was about time the agitation for the permanent road building program be stepped and some definite step in its adoption be taken.

Although it is not yet definitely certain that it will be brought up at tonight's meeting, it is very probable that it will, the agitation having today reached such proportions as to necessitate a very early consideration of the advisability of the carrying out of the will of the majority in the matter.

According to the plan being advanced, the town of Berlin, the permanent road building program, a certain amount of money would be appropriated yearly by the town for putting in of a certain stretch of macadam or some similar pavement, the distance to be so paved to be decided by the people. In this way, it was said, even if only a mile or two a year was macadamized, that time would eventually come when Berlin could point with pride to the fact that nowhere within its boundaries is there a poorly paved or a dirt road.

Ladder Mishaps

Louis Carlini lost the upper third of his ear Saturday night when he toppled from a ladder at his home in the Berlin field and landed on the side of his head. Dr. A. J. Goodwin was called and when he arrived at the home found that Carlini's ear was so badly lacerated that it was necessary to cut off the upper part.

Kenneth Sheldon, 8, received an ugly gash in his hip Saturday afternoon when he fell from a ladder in the grape arbor at his home and landed on scissors with which he was snipping grapes from the vine. The scissors entered the fleshy part of his hip coming out three inches from the point of entry.

Tony Senlone, Kensington ice cream man, fell in his home last night and received a number of lacerations and bruises about the face and head.

Mrs. Frances Bailey, sister of C. L. Pierce, and widow of William A. Bailey who was a former conductor on the Berlin branch, died in Springfield yesterday morning of heart trouble. Galk Crowed Saturday

The largest crowd ever to attend an athletic event in Berlin watched the Corbin Red Sox capture the city championship from the All-Kensingtons Saturday afternoon on the Percival avenue field. The score was 5 to 1, and it was estimated that very nearly 3,000 fans were gathered around the field and in the stands. Hundreds of automobiles surrounded the playing enclosure, but in spite of the huge gathering, everything, the crowd, traffic and the rival fans were kept in the best of order.

AUTOISTS PROVIDE A BUSY WEEK-END

Plainville Police Have Plenty of Sabbath Excitement

DI YULIO-COPPLA WEDDING

American Legion and Sons of Veterans To Resume Hostilities—Mills and Judd Authorized To Transfer School Children—Notes

With Several automobile accidents, one resulting in a fatality, to keep them busy, the Plainville police, especially Motorcycle Officer Fred Callen, had a hectic day yesterday. The excitement began with the killing of an unknown man on the Southington road about 3 o'clock in the afternoon, but by no means stopped there. Hardly half an hour later Michael V. Nicholson of Danbury, driving along West Main street, failed to stop for a standing trolley at the corner of Washington street but was immediately stopped by Constable Callen, who was near the scene.

Nicholson at first said that he had stopped and then gone on, but later changed his story, claiming that he conductor of the car had signalled him to go on. The conductor denied this, so Callen arrested him, and he will have a chance to tell a third story to Justice Edward P. Prior this evening.

Automobiles driven by Alexander Pringle of Westgate and Joseph Chabot of Torrville avenue, Bristol, crashed together about 5:15 o'clock last night at Blossom corner. None of the occupants were injured, but both machines were badly smashed up. Constables Fred Callen and Thomas Royce went to the scene of the collision but could not determine upon whom to fix the blame. Both drivers were notified to appear for a hearing before Justice Prior this evening, when an attempt will be made to fix the responsibility.

Three machines became intricately tangled up at the center yesterday but, beyond crumpled bumpers and fenders, no damage was done.

DI Yulio-Coppla

Miss Rose Coppla, daughter of Mr. and Mrs. Louis Coppla of 26 Eden avenue, Southington, and Joseph Di Yulio Jr., son of Mr. and Mrs. Joseph Di Yulio of 21 Pearl street, Plainville, were married at 8 o'clock this morning at St. Thomas' church, Southington. Father Christopher officiated. Miss Mary Di Yulio was maid of honor, while the bridesmaids were Philomena Di Yulio, Mary Fiorilla, and Nancie Monago. Thomas Di Yulio of Winsted was best man, and the ushers were Guy English, Louis Berlandi and Ernest D'Amico.

The bride wore a white and gold georgette and veil and carried white roses. The maid of honor was dressed in peach georgette and carried pink roses. The bridesmaids were also georgette. Miss Fiorilla's gown being yellow, Miss Monago's peach blue, and Miss Monago's peach blue, and all wore matching head-dresses with rhinestones. All carried bouquets of asters.

The bride presented her attendant with a gold ring, while the best man received a gold star pin from the bridegroom. Numerous guests were present from New Haven, Waterbury, New Britain, Southington, Plainville, Cheshire, Rocky Hill, Bristol, Winsted, and Massachusetts. The church was decorated with blue and white ribbons and colored asters.

Upon their return from their wedding trip, the couple will reside at 21 Pearl street. Mr. Di Yulio is employed as a finish man in New Britain.

To Transfer Children

At a special meeting of the Plainville town school committee Saturday, it was voted that pupils who were under six in London street school at the opening of school be transferred to the kindergarten at Broad street, as it is impossible to care for 67 pupils in one room.

It was further voted that Superintendent L. S. Mills and Principal Orrin L. Judd be required to relieve the overcrowded conditions still remaining in Grade 1 and 2 at the opening of school, and the overcrowded conditions in Grades 2 and 4 in Linden street school by transferring the necessary number to Broad street school, those living nearest Broad street school to be selected and the matter of distance to be the sole factor in making the selection of the necessary number of pupils.

In far as Plainville now allows pupils to enter at a more tender age than do most towns of the state, the committee decided not to extend the time limit for kindergarten entrance.

American Legion Notes

After the next regular meeting of the Brock-Barnes post, American Legion, which will be held in the post rooms on Whiting street Monday, Sept. 28, there will be a card game

with the Sons of Veterans. The legion and the sons are playing a series of matches and this will be the second game of the series. The first match ended all square and both teams are out for a victory this time. The third game will be played in Forestville at the Sons of Veterans' rooms in the very near future. After the game next Monday there will be the usual eats and social hour. There will be some important business to come before the post at the meeting and all members are asked to be present on time, so that the meeting will open at 8 o'clock.

The post members are invited to a whist which will be given by the ladies' auxiliary on Thursday, Sept. 24, in the post rooms. There will be the usual prizes offered. All members of the post are asked to be present and help make this a big time for the auxiliary.

Sunday, Sept. 27, there will be a county meeting in the rooms of the Russell K. Bourne post at Wetherfield at 2 p. m. The Brock-Barnes post has always been well represented at the county meetings and commander Craig would like to see a large delegation go from Plainville next Sunday. The Wetherfield post is going to make this meeting one of the best the county organization has had and promises a big time to all present. Commander Craig wishes all that are going to let him know or to hand their names to Postmaster J. E. Fisher before next Friday, so that transportation may be arranged for and so that the Wetherfield post may know how many to expect from Plainville.

The officials of the Brock-Barnes post are going to make the remainder of this year interesting for the members and ask members to turn out to the meetings, so that the work they do will not be done in vain. Several card tournaments are going to be arranged with the other societies in town if possible and some entertainments are also being planned.

The annual banquet of the post will possibly be held on Armistice day night this year, as it is felt that to wait until the end of the year is not a good idea. The committee on this banquet is already at work and it is hoped that this year will see one of the largest attended banquets to be held in town. Invitations will be sent to the business men of the town, as it is felt that the banquet ought to be more of an open night than it has been in previous years. Further notice on this affair will be given out in the near future.

Mrs. Annie A. Spencer

Mrs. Annie A. Spencer, wife of Frederick S. Spencer of a Washington street, died at her home yesterday afternoon. She was 74 years of age. Funeral services will be conducted from her late residence at 2:30 o'clock tomorrow afternoon. Rev. Charles S. Wyckoff, pastor of the Congregational church, officiating. Interment will be in Norton cemetery, Lake Compounce.

W. C. T. U. Meeting

The Plainville W. C. T. U. will meet tomorrow afternoon at the home of Mrs. J. Wallace Beach of 56 Whiting street. Officers will be elected, reports read, and the roll called.

Hurt in Factory

Anthony Innocente of this town was injured while working in the press room of laundries, Frary & Clark in New Britain Saturday. The thumb of his right hand was badly crushed and he was taken to the New Britain General hospital for treatment.

Return from Hospital

Miss Jennie Harris of Broad street has returned home from the Bristol hospital and is reporting as much improved.

Nicholas Bellini, Sr., has returned to his home from St. Francis' hospital, Hartford, where he has been confined for six weeks. His condition is reported as slightly improved.

No Players—No Game

The deciding game between the old timers and the All-Plainvilles scheduled for the week-end, was called off because the latter team was unable to muster up enough players to put a full team in the field. Consequently, the question of whether youth will be served was not acted and no arrangements have been made for a decision in this dispute. Unless this game is played off, baseball is over for this year in Plainville.

Governor At Springfield

Governor John H. Trumbull and a party of friends attended the East-ern States Exposition at Springfield, Mass., today, which was known as Governor's day.

Police Cases Continued

Continuance until Wednesday was granted in the case of Vito DiPinto of Church street, charged with violation of the Volstead act, when his case was called at the police court session today. Mr. DiPinto was arrested Saturday night after the local raiding squad had swooped down upon his Church street store and had found a quantity of intoxicant.

House Falls Into Subway

Digging a subway under Grange street, Philadelphia, undermined the foundations of the home of Mrs. Theodore Beardsley and the building came down with a crash. Fortunately, Mrs. Beardsley and her children were out at the time and no one was hurt.

Vandals Destroy Property

Vandals committed gustard acts of destruction at the city's new house of comfort on Main street Sunday night, according to reports at police headquarters. Several lavatories were wrecked, while even the telephone was damaged. The latter instrument was put out of commission permanently.

Acts of vandalism have been apparent almost every day at the new comfort house, so that some stringent measures are being planned by the city officials to catch the offenders. Although the building has been open but a short time, the damage bills have mounted up well, as the equipment has been terribly abused.

Donnelly Explains Saving

That he had saved the city the sum of \$225,000 on the construction of the new high school was asserted today by former Councilman John Donnelly, candidate for mayor. Mr. Donnelly explained that while on the special high school committee, bids were presented for the work which he thought were too high. Through his efforts the bids were rejected and shortly afterward came a drop in labor costs, in which the new bids reflected a saving of \$225,000 to the city. Regarding the saving he says:

"When the bids were first asked for, and received, I (as one of a committee of three), appointed to carry on its construction) objected to the letting out of the contract at such prices as offered by the contractors. At first I stood alone, but I offered such strenuous objections to the extent of threatening to bring the matter directly before the taxpayers, that I soon was overruled, and the taxpayers were saved approximately \$225,000 dollars as on the new bids."

"Another reason for my asking the voters of Bristol to look up my record was because of the fact, that the city's records will show, that as a councilman, I opposed every proposition of an extravagant nature or where selfish interests sought special privileges, but supported every proposition for Bristol's advancement, as a modern up-to-date city, and shall follow the same course again, if I am elected mayor."

MODEL WINDOW DISPLAY

The Chamber of Commerce model window display will be seen in the Burritt hotel this evening at 8 o'clock. This will be in connection with the campaign being conducted by the Chamber of Commerce for better lighting.
